

DitgtaSonic xMic

The all-rounder in online speech processing

DitgtaSonic xMic

Dictate direct into your PC – with all the benefits of digital dictation.

You will be amazed at the crystal clear audio quality and how easy it is to send on dictations.

The elegantly shaped device in sonic black „Softtouch“ design fits comfortably into either hand.

- Extra wide, comfortable slide switch for easy one-handed operation
- Full control of PC applications via the integral “Track Point” mouse control and mouse buttons
- Integrated sound card and dynamic speakers make for optimum recording and play-back quality
- Ready for DSSPro recording for best sound quality (with software DigtaSoft)
- Button and slider functions can be individually programmed (Adapter Server functionality)
- Easy integration into backoffice systems via open interfaces (SDK)
- Optionally available with PC software DigtaSoft or DigtaSoft Pro

With microphone stand ...

...and can be combined with RFID-/barcode reader

DigtaSonic xMic
